

EAPE Spanish for Academic purposes course offers three different levels: beginners, intermediate and advance. Each level is limited to a maximum of 20 students. Small groups guarantee better quality of teaching and a close relation between student and teacher.

### PROGRAM AIMS

The EAPE program has been specially designed for non-native Spanish speakers who need to learn the language or increase their Spanish language skills whether for academic or personal motives. We encourage students that have an interest and desire to take these classes to increase their language skills.

### COURSES

All levels of the course are aimed at emphasizing communication, speaking and writing skills in Spanish by using Spanish as the main language in grammar, writing and culture classes. For advanced and intermediate levels in particular, the study of Mexican literature is a great asset.
